### Magnetic Easy Wipe Racking Strip

The magnetic easy-wipe racking strip allows the user to quickly create labels and identification that are completely reusable and movable. The coloured versions allows the user to create colour coded areas or enforce a particular message.

This magnetic strip offers other uses, with the narrow versions capable of being used as gridding tape on steel notice boards, and the wider rolls offering the ability to cut out or punch out different shapes.

All rolls are supplied in 10M lengths. Simply cut to the desired length, write on with a wet wipe marker pen and if required remove text with a damp cloth.
