

Beaverswood®

Weather Resistant A4 Pockets

Industrial strength pockets designed for external use with a press seal weather resistant fastening.

The pockets have sufficient room for numerous A4 size documents, plus pens and other stationary etc. Available in horizontal or vertical formats, these pockets have 3 fixing options.

A strong magnetic fixing, allowing the pocket to be located to a ferrous steel surface, yet easily lifted off. A self-adhesive fixing for permanent locations, and a tie-on fixing that allows the pocket to be secured around a picking trolley handle or the mesh of a roll cage. This fixing allows for a maximum diameter of 60mm.

Features and Benefits

- Protect your documents outdoors with these industrial quality clear pockets.
- Secure press seal fastening.
- Multiple fixing options - magnetic, self-adhesive, or tie-on.

Material Specification

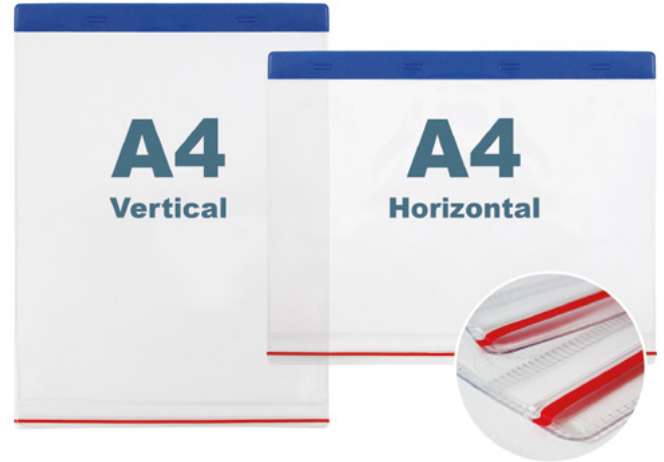

Adhesive

General purpose transparent emulsion acrylic adhesive with high initial adhesion.

Temperature resistance: -20°C to 40°C (when applied at 10°C)

Magnetic

0.8mm flexible strontium ferrite in synthetic rubber binder; magnetised multipole one face.

Plastic	Values
Thickness front/back clear PVC	250µ, 0.25mm
Vertical A4 format outside dimension	350mm x 236mm
Horizontal A4 format outside dimension	265mm x 325mm
Minimum temperature	Less than -5°C - material becomes brittle
Maximum temperature	+40°C
